2. Mr. Angleton, Chief, CI, called to say that Sam Papich (FBI) had called him and unofficially indicated that the Bureau had been told by HCUA that the reason [redacted] could not appear before the Committee was because the FBI had objected. Mr. Angleton asked that I provide him with a copy of my Memorandum for the Record on the conversation with Appel so that he might hand this to the people in the FBI. I told Mr. Angleton that before this was done, I would like to clear it with Mr. Kirkpatrick. Mr. Angleton agreed to this.
